

Love Like You Mean It 2025 June Update

We hope this summer finds you well! We want to share a quick overview of topics covered in [Tim's June Update Video](#). For more details, we highly recommend watching the video—the video provides some great insights, especially about our programming for this year's cruise, which might answer some of the questions you've had.

Topics covered this month:

- Why aren't there more speakers on the website - and why are the performers being announced so slowly?
 - This year, we're trying some new things with the program, including a THEME that will tie everything together. While we're not ready to reveal the theme just yet, Tim gives a sneak peek in the video.
 - Performers are being announced every week, so keep an eye on our social media!
- Quick Reminders
 - Excursions and add-ons: No need to call us just yet about excursions, internet, dining packages, etc. More info will be available this fall.
 - Citizenship info: Please make sure to submit your citizenship information. Check out past newsletters for more details on why this is so important.
 - Boarding time on February 8th: Plan to be at the ship to board between 12:30 — 4:00 PM.

We will have more for you next month.
Sail on, Your Familylife Cruise Team
